Formula for determining the School Performance Grade:

- 80 percent of the School Performance Grade is based on the school achievement score. The school achievement score is calculated using a composite method based on the points earned by a school on all of the tests measured for that school
- 20 percent of the School Performance Grade is based on academic growth
- If a school has met expected growth and inclusion of the school's growth score reduces the school's performance score and grade, a school may choose to use the school achievement score solely to calculate the performance score and grade

A+NG Schools: A+NG schools earned a score of 85-100 and do not have significant achievement or graduation gaps.

What does this achievement level number mean?

Students scoring at Levels 1 and 2 will likely need additional help next year to succeed in that subject area. Students scoring at Level 3 are considered proficient for that grade level or course, but may still need some targeted help in the next grade or course. Students scoring at Levels 4 and 5 are ready for the next grade or course, and are also on a path to be prepared for college or a career by the time they graduate.

Annual Participation Requirements: Schools are required to test at least 95 percent of their students on assessments administered for accountability. This requirement is for the all students group and for each student group. The minimum number of students needed in a group is 30.

Our school met 10 out of 10 targets.

For more information on participation requirements please go to www.ncpublicschools.org/accountability/reporting.

FINANCIAL SUPPORT

Source of Funds (Amount per Student, Child Nutrition Included): Charter schools in North Carolina operate with funding from local, state, and federal sources. The financial support reflected in these numbers includes all categories of expenses for operating a charter school, including teacher and administrator salaries, textbooks, transportation, Career and Technical Education courses and other education supplies and materials.

Use of Funds: Education is a labor-intensive enterprise, as reflected in the accompanying chart. Salaries for teachers and other staff are usually the largest expense in a charter school.
